

DU-ALL REFLEX

profiles 20x20

The version of the innovative Reflex Du-All, composed from profiles of aluminum subjected to a process of electro-colouring, allows the realization of insignia box-shaped dual use, plexiglass and towel, characterized by a brightness pleasant and soft.
The presence of LEDs that surround the sign which creates a

ambient light much sought after.

It has a sleek design, versatility, and, like all types of Du-All, is particularly resistant to atmospheric, thanks all'elettrocolorazione.

The ease of assembly and installation, greatly optimizes time and cost of installation.
